CANNON TOURNAMENT SERIES MAG 20DT

CannonLink™ Fishing System Module allows control of up to six Mag 20DTs directly from your Humminbird® fishfinder. In addition to a stylish metallic white finish, rod holder and line release, the Mag 20DT/TS features a monofilament-ready stainless steel spool for tournament fishermen. 250-feet-per-minute retrieval rate is the fastest in the industry 20-lb weight capacity. Positive Ion Control with adjustable voltage lets you regulate the fish-attracting electrical field around your boat. IP68 waterproof power cable connector Short-Stop safely stops weight retrieval at waterline. Low-profile swivel base, rear rod holder and two line releases. Heavy-duty, stainless steel telescopic boom extends from 24" to 53". Three-digit depth counter. Ball storage hook prevents boat damage from swinging weights. Pre-spooled with 400 feet of camouflaged 150-lb test 316-grade stainless steel cable. Saltwater-resistant construction.
